

Dockets Management Branch (HFA-305)
Docket No. 98N-1265
Food and Drug Administration
5600 Fishers Lane
Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I am post-menopausal. The compounded natural hormones I've been using the past three years have completely eliminated the spotting I had been experiencing, using the products which originated in commercial pharmaceutical manufacturing plants. My doctor supports my using my present natural HRT products, as they have made a big difference in the quality of my life and health.

I also oppose the FDA limiting the number of prescriptions that could be shipped out of state by a specialized pharmacy. This would compromise women's quality of life by restricting their ability to obtain medication their doctors have prescribed and that they need.

Please put this issue in the proper perspective.

98N-1265 .

Please fold, seal, and mail by March 22
